

## EU-UNAWA IN SCHOOL TRAINING

On the 5<sup>th</sup> of March a visit was paid to Zerilda Primary School in Steenberg. The focus was on Grade R learners with links to the CAPS Curriculum and seasons. There were one hundred and thirty eight learners involved. This was a bilingual session, since 2 classes spoke English and 2 classes spoke Afrikaans. The educators assisted with the translation and explanation in the Afrikaans classes. The learners learnt about seasons, day and night and how shadows are formed. Games associated with shadows were played with the learners, like Tag the Shadow and Follow the Shadow.
